Accessing Multiple Seesaw Accounts

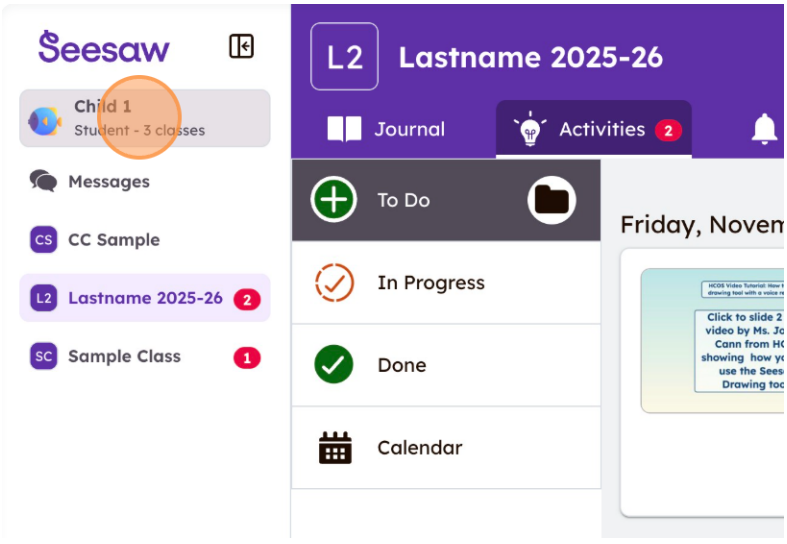

How to Toggle Between Multiple Seesaw Accounts

It is easy to access multiple Seesaw classes on the same device without repeatedly signing out and back in to accounts.

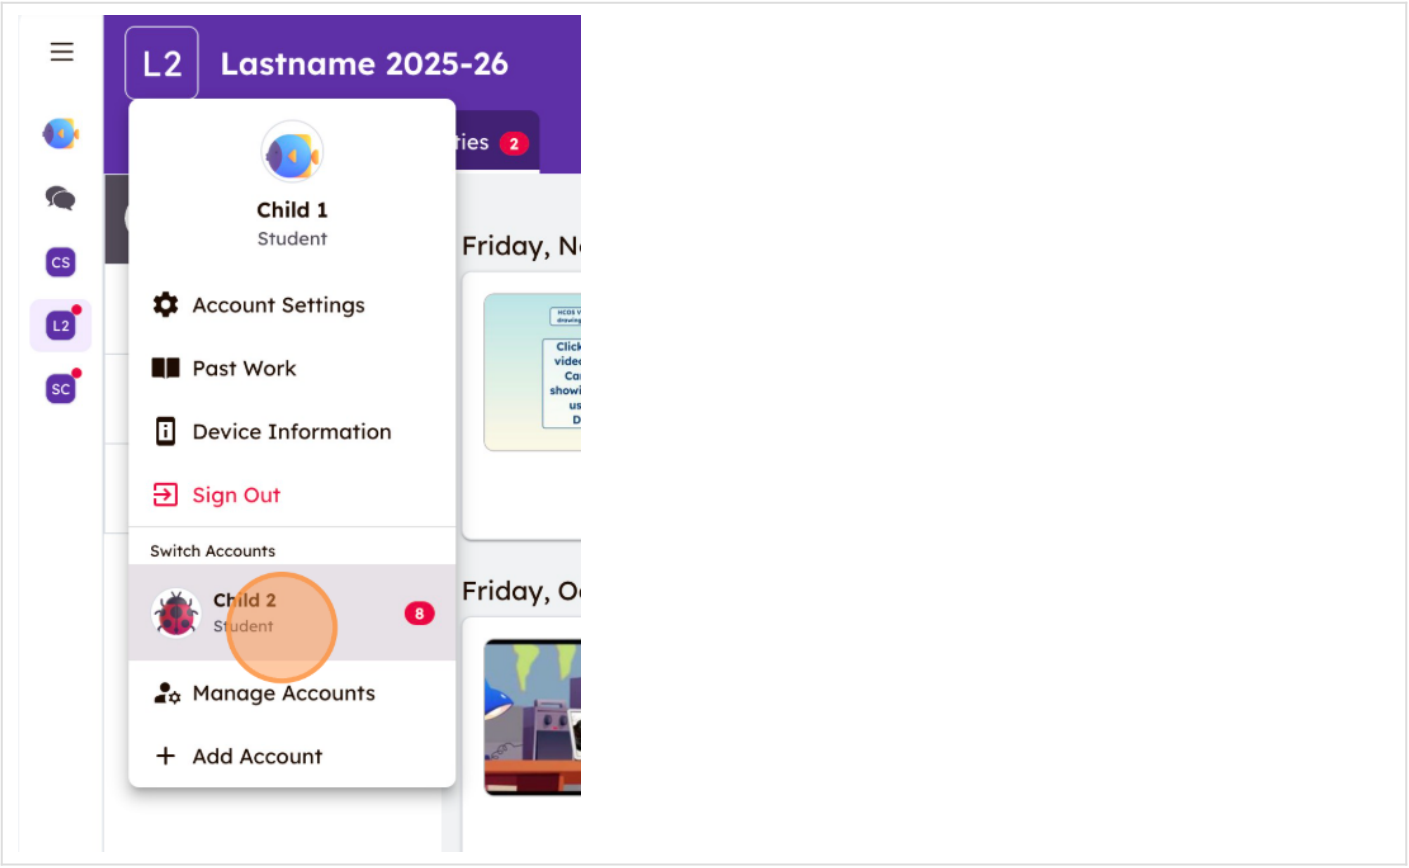

Watch the video Toggling between multiple Seesaw accounts.mp4 and/or follow the instructions below to see how easy it is to toggle between accounts.

> NOTE: This is device-specific. You will need to repeat these steps if you're using Seesaw on multiple devices.

Step 1: To add student accounts to Seesaw, follow these steps. To toggle between the Seesaw accounts already added to your device, click on your child's name at the top left.

Step 2: Scroll down to the section titled "Switch Accounts" and click on the account you want to switch to. In this case, we want to switch to the account belonging to "Child 2."
