

Canva for Education

What is it?

Canva is a great tool for creating rich and engaging communication using various media. HCOS is happy to offer it as a free tool for students.

Who Can Use It?

Canva is available to all individuals creating content to support students at HCOS and to students creating content as part of their educational programming.

To sign up, go to <https://canva.com> and use your Google Workspace account to sign in.

Canva for Students

Students who want to use Canva can log in with their Google Workspace account. If they do not have an account, please direct them to one of the options below.

- HCOS Students - Parents can visit <https://hcos.ca/us-signup> to request a Google Workspace account. Once created, they can visit <https://canva.com> and select **Continue with Email** to get going.
- Flex Students - Please get in touch with the office to request a Google Workspace account, then visit <https://canva.com> and select **Continue with Email** to get started.
