2. Click "See more items for the student

3.  Click the Student Self-Assessment button.

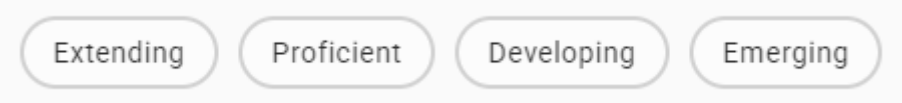

4. Read through this page in Encom:

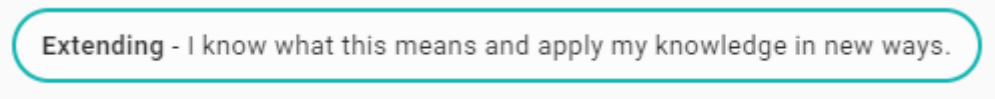

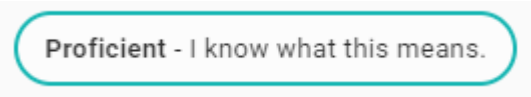

5. In the Goal section, write a goal based on something to be accomplished during the current school year.

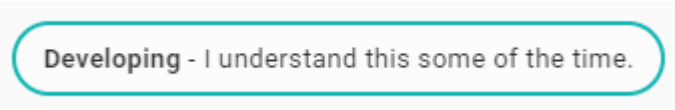

6. From the 4 Core Competency sections (Communication, Thinking, Personal & Social, Spiritual), choose a proficiency level from the four words listed at the end of each each row that identifies level of proficiency in relation to the preceding statement:

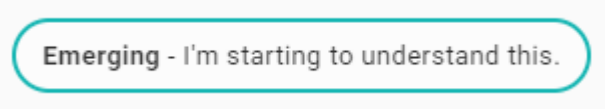

To help with identifying what each of these levels mean, there is a short description on the top of the Student Self-Assessment:

7. Toward the end of the school year, click on the Student Self-Assessment again and complete a reflection on how well the  goal listed at the start of the year has been met.

Thank you for participating in helping complete the Student Self-Assessment for each of your students.
