This Subscription is available to Enrolled and Flex families.

Currents4Kids (Gr. 3 - 7)

Currents4Kids is a Canadian online social studies resource and learning tool featuring weekly articles about important news stories. It empowers students to understand and explore current events worldwide.

News4Youth (Gr. 7 - 12)

News4Youth is an online teaching resource that brings current world events alive in the classroom – and outside of it. Your subscription gives you weekly access to a powerful tool with many features. Articles are carefully selected from main, credible news sites such as cbc.ca based on the following criteria: non-sensational, significant within society, and relevant to students and the curriculum. News4Youth avoids articles that could be offensive to some readers or potentially inappropriate for the target age group.
