Using the Subscription

There are many ways to find resources on the EnchantedLearning website. Here are some common starting points:

- [Site Index](#): Use the site index, which lists the topics covered on the site (like [astronomy](#), [geography](#), [K-3 Themes](#), [printable books](#), [Spanish](#), etc.). Most major topics are listed on

the [Home Page](#) in a pictorial format, which you'll see as you scroll down the page.

- **Navigation Bar** at the bottom of Pages: A table listing the major topics is listed at the bottom of most pages (but the navigation bars do not appear on the print-friendly versions).
- **[Little Explorers Picture Dictionary](#)**: Students may find it easier to surf the site using the [Little Explorers Picture Dictionary](#). To find a topic, look it up in the dictionary and click on the picture to go to a page on that picture. For example, to find the topic "dinosaurs," go to the [D Page](#), scroll down until you find the entry for dinosaurs, and click on the dinosaur.
- **[Activity Calendar](#)**: To find an activity for each day related to a historical event that happened on that day in history, go to the [activity calendar](#).
- **[What's New Each Day](#)**: To see the new pages added to the site, go to our [What's New](#) page.
- **[Search Engine](#)**: Use our site search engine – there is a link to our search engine at the bottom of most pages or at the top of the home page.
