

Grammarly for Students

Grammarly for Education is a tool to support students with real-time feedback on their writing. Grammarly can be downloaded or added as a browser extension, plus students can interact with the Grammarly Editor online. Here are some helpful tutorials for getting started:

- [Grammarly Browser Extension](#) shows you how to add Grammarly as a browser extension in Chrome, Safari, Firefox, and Microsoft Edge.
- [Guide for Google Docs](#) gives ideas for to use the Grammarly extension in Google Docs.
- [Grammarly Editor User Guide](#) is an article on using Grammarly's web-based editor to create, upload, and edit your documents.

For further support, please visit the [Grammarly for Faculty](#) and [Grammarly for Students](#) resource hubs.

Sign-Up and Questions

Parents of HCOS students can sign up for Grammarly using the [Universal Supports](#) form. Please consult with your teacher if you wonder if this might be a good tool for your student. Any technical questions related to Grammarly can be directed to tickets@onlineschool.ca. Please note that **a school-provided Google Workspace account is required** to access the features provided by Grammarly for Education.

Flex Academy students should contact Flex Academy Director Bri Dyck (bri.dyck@flex.academy) to gain access to Grammarly for Education.
