HCOS Registered Students in Online Courses

Can my HCOS registered student take an online course?

Yes!

Grades 5-9: We are pleased to offer our registered students in grades 5 through 9 the flexibility of asynchronous online courses to support their unique educational plans. *(Please note that synchronous courses require special permission from the Assistant Director of Innovations and are dependent on enrollment availability.)* Integrated program offerings, such as TechLab and Seed, are not available for this pathway. Because registered students do not receive government funding, there is a tuition fee of $650 per online course for grades 5 to 7 and $300 per online course for grades 8 and 9.

Grades 10-12: HCOS Registered students in the grad program (grades 10-12) can take synchronous or asynchronous online courses with a tuition fee of $50 per course, as courses in the grad program are funded on a course by course basis.

> Please note that in grades 10-12 taking an online course starts the creation of a BC Transcript for your student.

What courses can I take?

Please see our course directory here.

How do I apply?

Please fill out our application through our cross enrollment division, BC Online School.
Select the appropriate grade level and course you wish to apply for.

> In the ‘How did you hear about us?’ box, please include under Other: Registered Student. This will help us expedite the application.
