

# HearBuilder

## Description

**HearBuilder** (K - 8) is a suite of software that provides systematic instruction in basic concepts, following directions, phonological awareness, sequencing, and auditory memory.

This Subscription is available to Enrolled, and Flex families.

The HearBuilder Collection online gives students access to research-based, interactive programs via any internet-connected computer enabling students to use the software in the classroom, media center, computer lab, and at home. Each title in the collection offers multi-level activities with progress monitoring reports for educators and administrators to track individual student progress and usage and progress across grades, subgroups, or schools.

## Logging In

HearBuilder has a limited number of seats. Please check with your teacher before filling out the registration form below.

<https://forms.kccnet.ca/view.php?id=547468>

Using the link below, enter your username, password, and the login code given to you. Select "Login."
