Learning Habits

Students in synchronous, face-to-face and blended courses will receive assessment on Learning Habits at the end of each reporting period. The legend appears at the top of the report card page:

Students will receive assessment in Learning Habits in one of the following categories:

1. G - Good
2. S - Satisfactory
3. N - Needs Improvement

> The Learning Habits assessment will be displayed beside the proficiency level or percentage for each synchronous, face-to-face and blended course.

A learning habit of **G - Good** or **S - Satisfactory** will not have an additional comment.
A learning habit of **N - Needs Improvement** will have an additional comment. The comment will appear beside the term comment and will describe ways to improve learning habits in one or more of the following areas:

- Class attendance
- Behaviour during class and what actions specifically need improvement
- Attitude during class
- Class progress

> Learning Habits comments do not replace early interventions, ongoing communication, or formative feedback provided by a teacher.
