    - Please note - once the initial application form linked above is completed, there are additional reference forms, guardian forms and student forms to complete to fully apply for the 2027 SEAL team. Students will receive those links automatically when the initial application has been submitted.

Who can join the SEAL Team?

Are you looking for ways to serve the global community? Are you interested in deepening your relationship with Jesus? Maybe you wonder how God is at work in different areas of the world or

you want the chance to serve God in a missions setting? Students enrolled with HCOS or Flex for grades 10, 11 or 12 can apply to be part of the amazing experience.

What is the SEAL program all about?

The SEAL Team outreach program at Heritage Christian Online School is a travel and outreach program that aims to help students see God at work in the world around them while at the same time providing unique opportunities to grow in their own faith, develop as servant leaders, and have a genuine spiritual impact on the world around them.

Where does the SEAL team serve?

Currently the SEAL program works in partnership with Impact Ministries in Guatemala. Once a year we send a team to support the ongoing work in the region of Tactic in northern Guatemala. Our teams typically travel to Guatemala for 10 days in the late spring and are involved in a variety of outreach and service activities while there. Students should budget about $3500 to cover the costs of the trip with spending money not included in that total.

How does the SEAL program operate?

Team members attend online weekly synchronous classes throughout the school year to grow as a team and work through their Christian Studies and Leadership coursework. Students earn 4 Christian Studies course credits and 4 Leadership course credits through their participation in zoom classes as well as the activities they are involved in while in Guatemala. SEAL team students will also participate in our Spanish conversation classes to learn beginning in the 2026/27 school year as part of their course work.

How can I get more information?

Watch our SEAL Outreach Program promotional video here.

If applications are currently closed (no live link above) and you would like more information or if you would like to put your name on an interest list to be contacted when applications open, please fill out our Innovations Program Interest Form.

- Please note - if applications are currently open (the link to the application form is live) we will not be contacting those who fill in the interest form as you can directly apply or email us for information.
