Completing the Student Self-Assessment

The ability to self-reflect is a life skill and student self-assessment is a central element of BC's curriculum. The K-12 self-assessment tool can be accessed on each student's homepage in Encom.

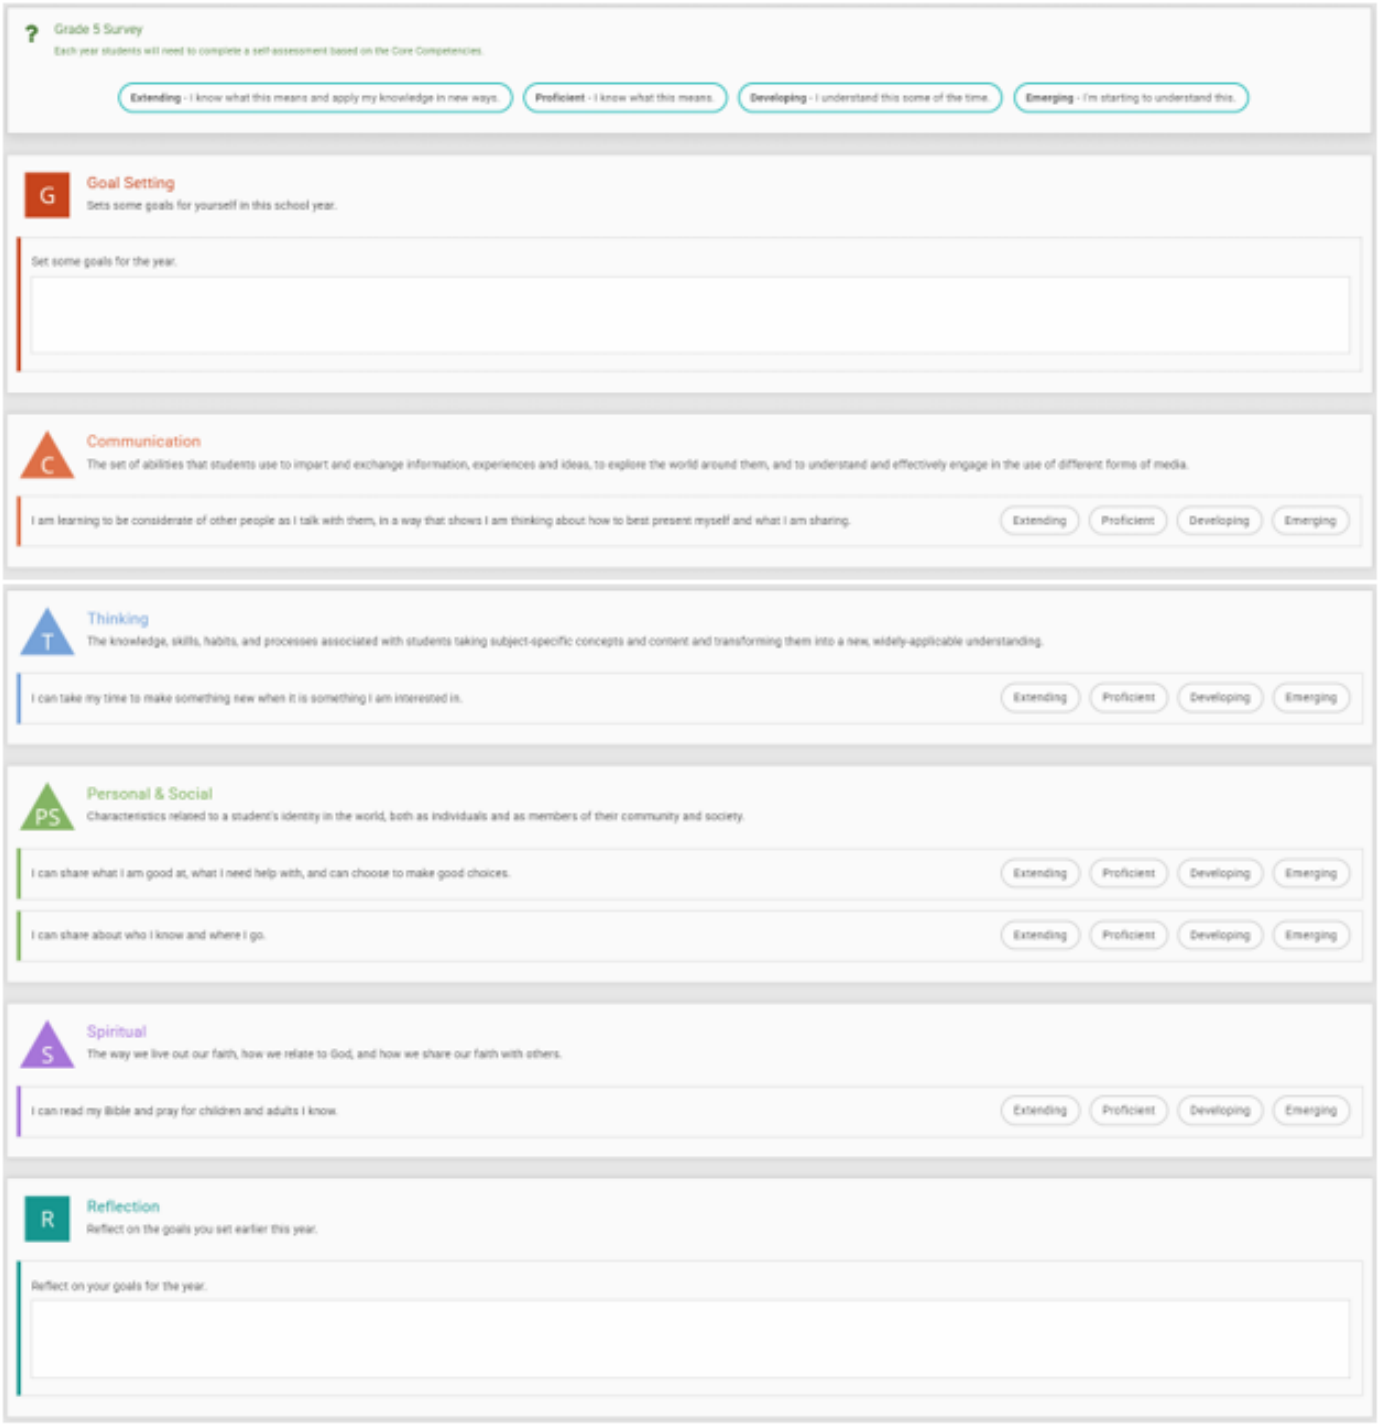

To complete the survey, simply follow these steps:

1. Go to the student's Encom home page.

2. Click the Student Self-Assessment button.

3. Read through this page in Encom:

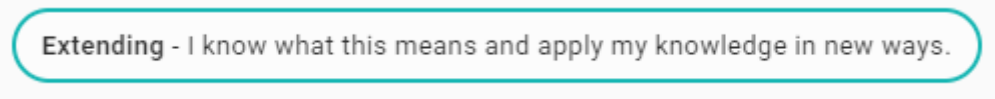

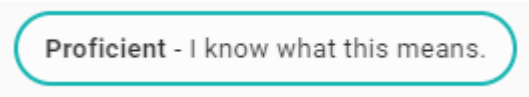

3. In the Goal section, write a goal based on something to be accomplished during the current school year.

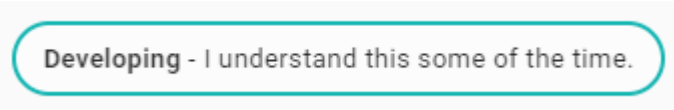

4. From the 4 Core Competency sections (Communication, Thinking, Personal & Social, Spiritual), choose a proficiency level from the four words listed at the end of each row that identifies the level of proficiency in relation to the preceding statement:

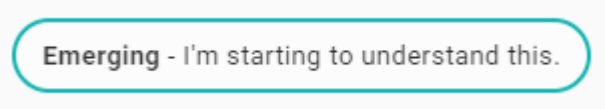

To help with identifying what each of these levels mean, there is a short description at the top of the Student Self-Assessment:

5. Toward the end of the school year, click on the Student Self-Assessment again and complete a reflection on how well the goal listed at the start of the year has been met.

Thank you for participating in helping complete the Student Self-Assessment for each of your students.
