

Encom Access & Icon Explanation

Encom is a database in which student records and reports are stored. This can be considered to be the 'office' area of the school and it is separate from the site in which the online courses are posted, which is called Brightspace. You can login [here](#).

- In Encom, the following is visible for each student:
- Basic information (address, phone numbers etc.
- Course list, student learning plans (SLP) for Individualized subjects
- Resource budget information
- Report cards

Any errors in information can be shared with your support teacher or directed to the Flex Office at info@flex.academy.

When a student is enrolled, parents/guardians are emailed a User Name and Password for Encom. Please save this information and be sure to record it **exactly** as it is sent so it can be found easily when needed to access Encom.

To access Encom, go to <https://encom.onlineschool.ca/>

If you forget your username and/or password please contact [Tech Support](#)

When you access Encom, this is approximately what you will see. Please take the time to become familiar with the various components of Encom.

The Main Icons Used by Parents/Guardians

Additional Resources - This icon is where information related to the curriculum budget is tracked. Please check the curriculum budget before making purchases with the Purchase Order number to ensure there are enough funds for the purchase.

The **Report Card** links directly to each student's report card. If there are any difficulties viewing it, please contact the Support Teacher and they can help.

The **Self-Assessment Survey** is completed annually for each student and can be done in combination with the support teacher, student, and parent/guardian. Typically, Support Teachers share information related to this and guide parents through the process.
