

# Getting Started With Selecting Curriculum

## Curriculum Options and Picks

The [Curriculum Options](#) page on our website offers carefully vetted suggestions for each core subject by grade level, meeting the needs of most typical home-educating students.

To quickly find our "Picks" (recommended resources that cover key standards without overwhelming you with too many choices), simply filter the *Curriculum Options* by **GRADE** and select ONLY the feature "**HCOS Pick.**"

The screenshot shows the website's filter interface. The 'Grades' dropdown is set to '8 x'. The 'Level of Depth' dropdown is set to 'Select Depth'. The 'Features' dropdown is set to 'HCOS Pick x'. The 'Subject' dropdown is set to 'Select Subjects'. A 'Remove filters' button is visible. Below the filters are four curriculum pick cards:

- BC Science Connections 8 Textbook and Workbook**
  - Level: Moderate, Rigorous
  - Subject: Science
  - Grade: 8
  - Features: HCOS Pick, Core Curriculum
- Lightning Literature Level Storm**
  - Level: Rigorous
  - Subject: English Language Arts
  - Grade: 8
  - Features: Multi-Grade Instruction, Written for Home Educators, HCOS Pick, Core Curriculum
- Romans, Reformers, Revolutionaries Essentials Pack**

## Curriculum Consultations

If you need assistance selecting curriculum, please contact your support teacher.

For newly enrolled or registered families who have not yet been assigned a support teacher, or whose support teacher has not yet begun serving them, our Curriculum & Resources Consultant, Rachael Rennie, is available for consultations through her [online calendar](#) until **June 30, 2026**.

Beginning **July 6, 2026**, Cynthia Duncalfe will facilitate curriculum consultations through her [online calendar](#).
