

# Gizmos

Gizmos (Grades 3-12) is an interactive math and science simulation library. There are over 475 Gizmos to bring powerful new learning experiences to students. Gizmos use an inquiry-based approach to learning validated by extensive research as a highly effective way to build conceptual understanding.

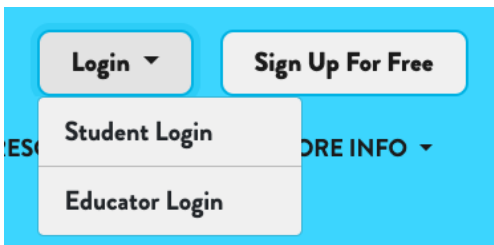

This subscription is not available to HCOS Registered students.

## Logging In

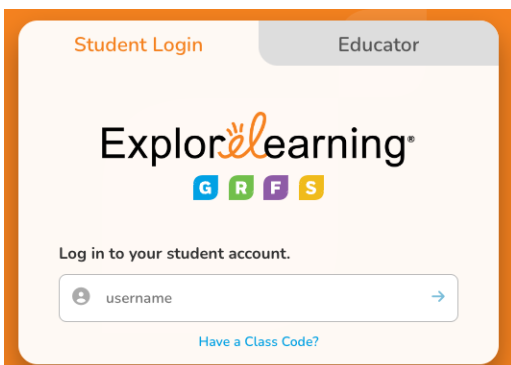

There are four steps to log into Gizmos.

**Step 1:** Contact our Subscriptions Facilitator, Margaret Basaraba, through email or [Live Chat](#) on regular school days from 9 am. to 3 pm. for the Gizmos class codes.

**Step 2:** Navigate to [Gizmos](#) and click the "Student Login" button in the top right corner.

**Step 3:** Click "Have a Class Code?"

**Step 4:** Enter the class code.

# Gizmos

## Join a Class

Enter your Class Code

Class Code ?

Please enter the Class Code provided by your teacher.

**NEXT**

Gizmos has classrooms that students can sign into and work in independently. Student work is saved, and support teachers can log in to view progress.

## Navigation & Use

Introductory video below.

Select "Launch" to begin using a Gizmos.

Image not found or type unknown

When your Gizmo opens, you will see “Lesson Info” and the arrows to select to make the Gizmo fullscreen in the top right corner. Click your keyboard escape button to exit the fullscreen view.

Image not found or type unknown

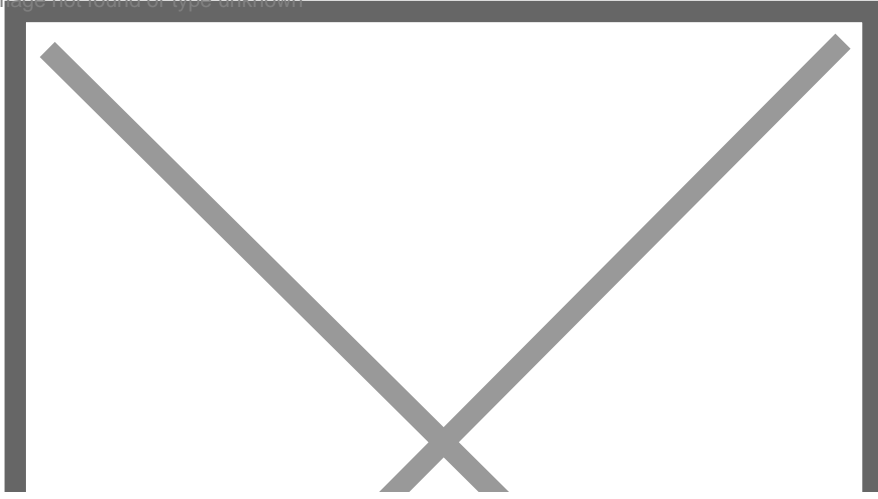

Selecting the “Lesson info” drop-down menu will display the student exploration sheet, which explains how to use the Gizmo. Students can type directly into the document by saving the file to their computer and then typing in either Microsoft Word or Google Docs. There are also vocabulary sheets available for student use.
