Gizmos

Gizmos (Grades 3-12) is an interactive math and science simulation library. There are over 475 Gizmos to bring powerful new learning experiences to students. Gizmos use an inquiry-based approach to learning, validated by extensive research as a highly effective way to build conceptual understanding.

> This subscription is not available to HCOS Registered students.

Logging In

> Gizmos has classrooms that students can sign into and work in independently. Student work is saved, and support teachers can log in to view progress.

There are five steps to log into Gizmos.

Step 1: Contact our Subscriptions Facilitator, Margaret Basaraba, through email or LiveChat on regular school days from 9 am to 3 pm for the Gizmos class codes.

Step 2: Navigate to **Gizmos** and enter your class code that you received from Margaret Basaraba.

Step 3: Select either the blue or green button depending on whether you have set up an account already or are a new user.

ENROLL IN CLASS: Math 5B - Math Grade 5B
TAUGHT BY: **Math 5 Heritage Online**

Confirm the class you wish to enroll in as a student. If you don't have an ExploreLearning user account, you can create a student account here.

I **already have** an ExploreLearning account, **Login Now** to Enroll ➡

I need to **create** an ExploreLearning account, **Register Now** to Enroll ➡

Step 4: Select the green button if you are a new user and need to create a student account. Fill in the form and select "submit."

Create Your Account

You are creating a new ExploreLearning student user account, and will be enrolled in the following class: **Math 5B - Math Grade 5B** . Your information will be held in strict confidence.

Navigation & Use

Introductory video below.

Select "Launch" to begin using a Gizmo.

When your Gizmo opens, you will see "Lesson Info" and the arrows to select to make the Gizmo full screen in the top right corner. Click your keyboard escape button to exit the full-screen view.

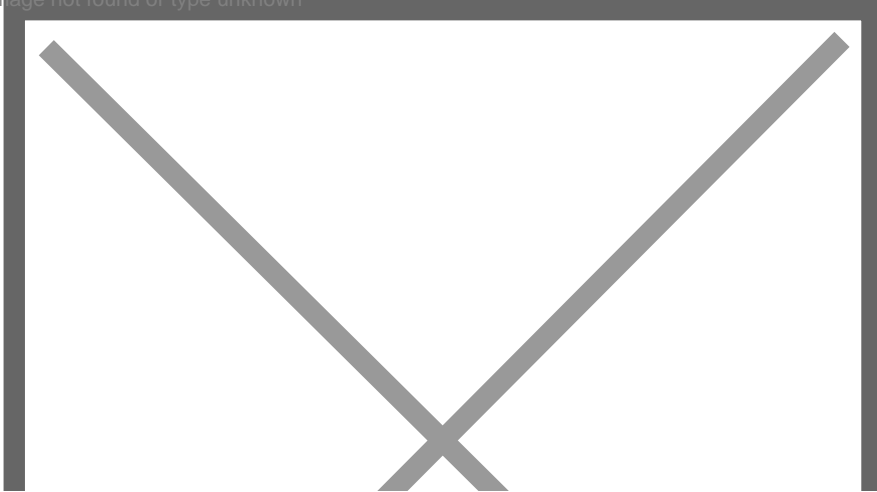

Selecting the "Lesson info" drop-down menu will display the student exploration sheet, which explains how to use the Gizmo. Students can type directly into the document by saving the file to their computer and then typing in either Microsoft Word or Google Docs. There are also vocabulary sheets available for student use.

Assessment questions are located below the Gizmo. Exit fullscreen mode, then scroll to the bottom.

Here are some suggestions for families wishing to use Gizmos with K-Grade 2 students:

- **Math Gizmos for Grades K-2** (.docx file)
- **Math Gizmos for Grades K-2** (.pdf file)
- **Science Gizmos for Grades K-2** (.docx file)
- **Science Gizmos for Grades K-2** (.pdf file)
