HearBuilder

HearBuilder (K-Grade 8) is an online literacy program that provides systematic instruction in basic concepts, following directions, phonological awareness, sequencing, and auditory memory. This Subscription is recommended for students with dyslexia.

> This subscription is not available to HCOS Registered students.

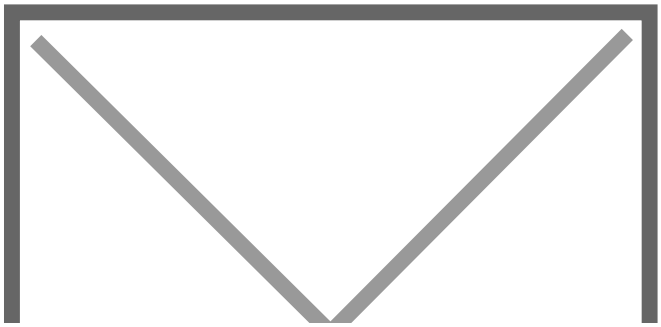

Logging In

1. Navigate to HearBuilder and select the student login button.

---

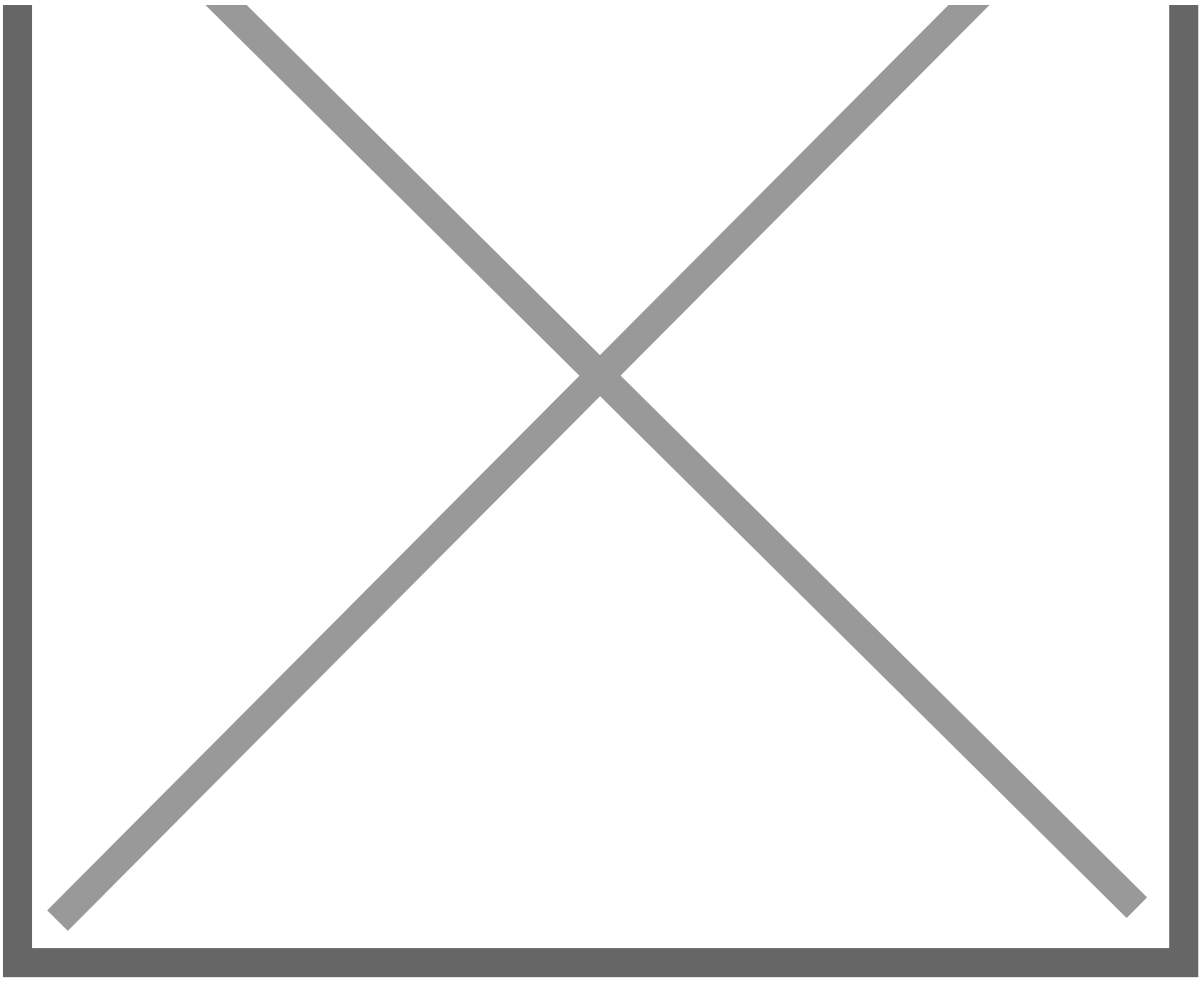

2. Enter your username, password, and the login code given to you by your support teacher.

> HearBuilder has a limited number of seats. It is available by referral from your support teacher.

Navigation & Use

Once logged in to HearBuilder, choose one of the four programs. Select the "Home" button in the top left corner to return to the home screen. HearBuilder recommends 15 minutes per day, 4 to 5 days per week. Teachers recommend using two of the four programs during each use.

Using HearBuilder on an iPad

HearBuilder works best when used on a computer. When using an iPad, all four HearBuilder program apps shown in the picture above must be downloaded individually. They are HearBuilder Sequencing, HB Auditory Memory, HB Phonological Awareness, and HB Following Directions.
